Technical sheet

2 IN 1 ANTI-UV NECK PROTECTOR

Description :

The Surflex neck protector is an essential sun protection accessory with its UPF 50+ index against harmful UV rays. Versatile, it fits easily over a helmet or safety cap, and can even be used as a face mask for complete protection.
Its microfiber absorbs perspiration, providing optimal comfort on the outdoor job site, and becomes refreshing on contact with water. Suitable for various outdoor activities, it guarantees unparalleled protection and comfort.
