EMPTY WEIGHT	500 Grammes
BAG DIMENSIONS	L 21 cm x l 39 cm x h 63 cm
ABILITY	50 Litres
MATTER	100% polyester
MAINTENANCE	

Recommended washing instructions:

- *Empty the bag before starting bag maintenance; if possible, you can remove the carrying foams and the frame.*
- *Dust removal: use a brush or a vacuum cleaner.*
- *Humidification: Using a damp brush, lightly wet your bag.*
- *Cleaning: Apply mild soap to the bag and use a brush to clean stains*
- *Stain removal: For hard-to-reach or heavily soiled areas, use a toothbrush instead. For best results, leave the soap on for a few minutes.*

Recommended drying instructions:

- *Do not use a washing machine, tumble dryer or hair dryer.*
- *Air drying is recommended. Do not expose your bag directly to a heat source, as this can deform the materials. Sunlight can also fade colors and accelerate the bag's aging.*
- *If possible, hang the bag upside down on a clothesline to dry. This will allow air to circulate more freely inside the bag, promoting faster and more even drying.*
- *Post-drying care: to improve its water resistance, you can waterproof it.*

CARDBOARD DIMENSIONS	Box of 15 pieces **L 60 cm x l 35 cm x h 45 cm | Poids : 7,5 Kg** ***Customs code: 420292910***
