Box of 5 pieces
L 60 cm x l 35 cm x h 45 cm | Poids : 7,5 Kg
Customs code: 42029291

GUARANTEE

5 years

MAINTENANCE

Recommended washing instructions:

- *empty the bag before starting bag maintenance.*
- *dusting: use a brush or vacuum cleaner.*
- *moistening: using a damp brush, lightly wet your bag.*
- *Cleaning: Apply mild soap to the bag and use a brush to clean stains.*
- *Stain treatment: For hard-to-reach or heavily soiled areas, use a toothbrush instead. For greater effectiveness, let the soap sit for a few minutes.*

Recommended drying instructions:

- *Do not use a washing machine, dryer or hair dryer.*
- *Air dry your bag. Do not expose it to direct heat, as this can distort the bag's materials. Sunlight can also alter the colors and accelerate the aging of the bag.*
- *If possible, dry the bag upside down on a clothesline. This will allow air to circulate more freely within the bag, promoting quick and even drying.*
- *Post-drying maintenance: to improve its water resistance, you can waterproof it.*

MARKING

Ficha técnica

Mochila clásica de alta visibilidad de 24L

Descripción :

Surflex ofrece mochilas de alta visibilidad para trabajo al aire libre que combinan durabilidad y ergonomía. Fabricadas con materiales reciclados, cumplen con la norma EN ISO 20471:2013 para una visibilidad óptima. Repelentes al agua y equipadas con una funda impermeable, estas bolsas de 24 litros ofrecen amplio espacio para la ropa de trabajo, que puede guardarse por separado del resto del contenido. Cuentan con un compartimento seguro para objetos de valor. Esta mochila de alta visibilidad combina comodidad y seguridad, ideal para jornadas de trabajo intensas.
